

ST. MARY'S PUBLIC SCHOOL, THURUTHIPLY  
Annual Report 2020 - 2021

Greetings to all....

Myself Jijimol M., Principal of the school take immense pleasure to present the report of our activities for the past one year 2020- 2021. Success is the sweet result of hard work combined with the desire to excel and unflinching dedication. CBSE results 2020 brought laurels to the school. School bagged cent percent first class in both Class X and XII Board Examination.

In Class XII Board Examination, Kumari Anitta P. Markose scored A1 Grade in all subjects and became topper in science stream and Kumari Alphy Anna Joy secured A1 Grade in all subjects and became topper in Commerce Stream. In Class X Board Examination Master Gautham Krishna Binoy, Kumari Sooryasree S. and Kumari Diya Binesh secured A1 Grade in all subjects Master Gautham Krishna Binoy became the school topper.

On 19th February 2021 these students received the MLA award from Honorable MLA Adv. Eldhose P. Kunnappilly. It was a proud moment for each and every St. Marian, to receive the acknowledgement.

Our school manager Sri. Sunny Paul received the award for the schools achieved 100% results in board exam.

On this occasion I congratulate these students for their excellent performance and extend warm wishes for their bright future.

### Online teaching during covid-19:-

The nationwide lockdown following covid-19 pandemic has led to a burst of activity with online education. Education system has changed dramatically, with the distinctive rise of e-learning, teaching is undertaken on digital platforms.

“Innovation is the change that unlocks new values that leads to betterment and success”. The school has adapted Next Learning Platform (NLP) which is comparatively safe and valuable learning platform for online teaching for class 8 to 12.

The new academic year 2020-21 began in a virtual assembly conducted by our class 12 students- started with prayer service by our school director Very Rev. Cor episcopa Alias Chettalathumkara .

All newcomers were welcomed to school by school manager .

### Online teaching platforms:

We have adopted different strategies of teaching in different platforms according to the learners level of understanding like google meet, zoom app and sending videos through whatsapp.

It was not simply an online teaching instead they provided plethora of learning module and avenues available to the new age learners.

Let me assure that even though our students engage themselves in an online learning and extracurricular activities our top priority is academic itself . Remedial teaching for senior classes, Revision class tests, Term end exams assignments , Projects, Record works, Lab activities, Assessment of Speaking and Learning are conducted at regular intervals /on time and this made our students very busy throughout the year.

### Co-Curricular Activities

‘ If you develop a passion for learning you will never cease to grow’.

Competitions and academic activities go beyond the textbook learning and they were encouraged to maintain a healthy, positive , competitive spirit and communicative skill.

At regular intervals different classes organised virtual assemblies in connection with world environment day, Reading day, Onam Celebration, Independence day, Christmas etc.

Following covid-19 protocols, our junior artists participated in various cultural programs. Art integrated learning has been a hallmark of this year in CBSE schools, elaborate art integrated and craft works were encouraged among the students, which draw a lot of attraction. Co curricular and extracurricular activities are an essential part of the education system. We have conducted competitions like best out of waste material, poster designing and collage.

To foster National integration & International understanding religious and cultural awareness, our students have celebrated Onam and Christmas at home and shared their happy moments to all. It enabled them to reduce their boredom of staying at home .

### Activities of KIDS WORLD

In spite of the challenges of such a situation we could successfully complete the academic year 2020-21 through online. Activity based curriculum is being adopted to make learning fun and entertainment. Kids world celebrated Independence day, Onam, Teachers' day, childrens day and Christmas with variety of programmes and competitions.

Ms. Valsa Vijayan, K.G. Headmistress along with teachers, students and parents made each day a memorable one.

### Value education

Aristotle rightly said that "Educating the mind without educating the heart is no education at all". We uphold value education throughout all these years of excellence in education. We strive our best to include great values like honesty, gratitude, respect, forgiveness, kindness etc. in our students. Within the limits our staff and students have collected an amount of money and helped our own student to meet huge expense needed for treatment.

### Training programs and orientation for staff and students

Teachers become well versed in digital teaching by attending the training programs provided by CBSE throughout the year Shiksha and Diksha portal a new realm of updated teaching program . Number of training programs and webinars were attended by both teachers and students with dual focus to improve effective implementation of innovations and updated ideas in teaching and learning practices. Students got an opportunity to attend Civil service and defense service coaching are to be noted.

### Parent Teacher Meeting

Classwise PTM were conducted to discuss the progress of students in learning. We have conducted parent teacher meeting for all classes in Google Meet.

### Physical training programming

It is said that " You must practice let you never won and perform like you never lost". Strictly following covid-19 rules and instructions our physical training teacher Mr. Subair had given training for school football team as and when it became feasible.

### Achievements

It's my pleasure to announce on this occasion that our student Kumari Angelina Sara John of class 10 won first prize in Acting- Vividha Kalolsava conducted by Balajanasakhyam in district level. Congrats...

## Teacher's achievement

The school and teachers continues to strive towards innovations and latest practices in the field of technology and digital teaching. Its my privilege to announce my dear teacher Miss Nomy Sabu participated in PCM prominent videos competitions. From 7 states 392 schools participated in it, out of 1140 videos only 250 videos were selected. Ms. Nomy's videos were selected as the prominent videos in PCM Online Teachers Award 2020 contest.

## Gratitude

We believe that every year brings changes this year we are passing through an unpredicted crisis. With the blessings of mother Mary we are safe and peaceful.

Only with the blessings of St. Mary, we could have such great achievements, for which we bow our head. We humbly salute our visionary leaders of the past and the great ones of the present. Let me express a word of gratitude to the President, Vice President, Office bearers of the board, all the members of management, the school manager, director and administrator for being with St. Marian team in all our ventures.

I render my sincere thanks to all my dear ever supporting parents for the sincere and tireless efforts to cope with the crucial year.

My dear students, I know, how much you are eager to come to your school, to meet your teachers and friends. Believe in time, Timeworks wonders. Dear students thanks a lot for your patience, tolerance and the execution of academic activities even with the covid-19 restrictions.

The most valuable resource of any institution is its staff. Our school is blessed with an enthusiastic and dedicated team of teaching and non teaching staff. Their co-ordination with each other enables the school to function smoothly and grow with new perspectives. Thanks to all my dear colleagues.

Thank you...
